## PROFILE SUMMARY

I'm a Computer Engineering student with a strong passion for technology, problem-solving, and innovation. I enjoy exploring how systems work and finding creative ways to make them efficient and user-friendly. I've gained hands-on experience in programming, IT support, and retail operations, and I'm always learning new tools and technologies to stay ahead. I'm particularly interested in software and hardware development because I love turning complex ideas into practical solutions.
